DETAILED ACTION

This responds to Applicant's Arguments/Remarks filed 04/29/2009. Claims 21-40 have been amended. Claims 21-40 are now pending in this Application.

Allowable Subject Matter

1. Claims 21-40 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record neither anticipates nor renders obvious Applicant's claimed invention wherein displaying to the player at least a first option and a second two or more option, wherein: a selection of the first option by the player allows the player to replay the first game at a track, different from the first track, without redisplaying to the player the game selection frame and as such, causes the track selection frame to be redisplayed to the player, wherein the redisplayed track selection frame includes at least a second track, different from the first track, at which the first game is available for play; and a selection of the second option by the player allows the player to select a game, different from the first game, at the first track without redisplaying to the player the track selection frame and as such, causes the player to remain at the first track and further causes the game selection frame to be redisplayed to the player, wherein the redisplayed game selection frame includes at least a second game, different from the first game, that is available for play at the first track; receiving from the player a selection of the second option; and in response to receiving the selection of the second option redisplaying to the player the game selection frame but not the track selection frame, wherein the redisplayed game

selection frame includes at least the second game. U.S. Patent No. 5,830,068 to Brenner et al. and U.S. Patent No. 6,450,887 to Mir et al. are the closest prior art which do not disclose the above limitation.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
